

NEW!

FluoroSpot

Another revolutionary light fixture for under-cabinet and display lighting: FluoroSpot.

This fluorescent spotlight features an integrated electronic ballast and 6,000 hours lamp life. A remote transformer is not necessary. Some of the main benefits are: easy installation, high light output and compact size. In addition, FluoroSpot uses only 7 W of energy while providing almost the same light output as a 20 W halogen spot. FluoroSpot can be recessed, semi-recessed and surface mounted.

Features

- Fluorescent spotlight for recess-, semi-recess or surface mounting (comes with all three rings)
- Recess depth only 1" or 1/2" with semi-recess ring
- Integrated electronic ballast, no additional transformer needed
- 7 W warm white (3,000 Kelvin) or cool white (4,000 Kelvin) lamp included
- 6,000 hours lamp life
- Attached 79" power cord
- Available in white and brushed aluminum
